

April 2021
Child Abuse Prevention Month

I Pledge

To do everything in my power to protect children from abuse and neglect.

To advocate for child abuse prevention in my community.

To remain mindful that that children are at even greater risk for abuse and neglect during this crisis when their guardians are experiencing high levels of stress.

To consider supporting CAPS and its mission to keep kids safe through volunteering, donating, and/or sharing their mission with others in the community.

Report suspected child abuse, as mandated by the state of Indiana, by calling the Indiana Child Abuse and Neglect Hotline at 1-800-800-5556.
